### WHERE THEY PLAY TOMORROW.

#### National League.

Pittsburg at Philadelphia  
Cincinnati at New York  
Chicago at Boston  
St. Louis at Brooklyn

#### American League.

Boston at Cleveland

There is more catarrh in this section of the country than all other districts put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Halt's Catarrh Cure, manufactured by E. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address E. J. CHENEY & CO., Toledo, Ohio.  
Sold by druggists, 75¢.  
Take Hall's Family Pills for constipation.

For good tannines, chiles, other re-freshments and candies try the Chile Parlor, 109 West Central.

# LAZY LIVER

"I find Cascarets so good that I would not be without them. I was troubled a great deal with torpor liver, and cascara. Now since taking Cascarets Candy Catarrh I feel very much better. I shall certainly recommend them to my friends as the best medicine I have ever seen."

Anne Basler, Oregon Mills No. 2, Fall River, Mass.

## SLUGGING MATCH IS WON BY SANTA FE

Maroons Couldn't Keep Up the Hot-Ball Contest; Ancient City Comes Out Two to the Good.

*Special Correspondence to the Herald.*  
Las Vegas, N. M., July 18.—Santa Fe yesterday afternoon outbatted the Maroons, in a game that totaled no less than twenty-one hits. It was anybody's game until the last ball was thrown, and was lost to the locals by some costly errors. Three men made three base hits and two went the nail for a couple of bags. The mucky hitting continued until the eighth inning, when both teams took a rest in their sail, and got down to business, after which not a single runner crossed the plate. The score by innings follows:

R. H. K.  
Santa Fe ..... 100 210 400—12 11 9  
Las Vegas ..... 110 180—10 10 10  
Barberis—Lopez and Gaudichaud, Lundquist, Smith and Martin.

## WEATHER CHANGES IN CYCLES, SAYS DR. WROTH

Paper Quotes Local Physician as Saying New Mexico Gets Seven Years Each of Wet and Dry Weather.

The Mountain Messenger quotes Dr. Wroth of this city as follows:

Dr. Wroth of Albuquerque, dean of the Southwestern Weather Bureau, in a recent interview with Dr. H. E. Hedding, stated that during his five-year official observation of weather statistics in Central New Mexico he had ascertained that years of scant precipitation come in cycles of seven years, that 1910 ended the cycle of lesser precipitation and 1911 the beginning of a cycle of much rainfall and snow. Thomas W. Cawood, local forester and custodian of government forests, who was present during the interview, stated that his records and personal knowledge of the timber corroborated Dr. Wroth entirely with the exception that the cycle years sometimes extended to nine years instead of seven, citing scientific and indisputable data supporting the statement. It is shown that blocks sawed from trees plainly indicate cyclic motions of much growth and small growth and by referring to official weather bureau reports the fact of the wet and dry cycle years has been positively established. We entered the wet period here January 1st. It has been wet in Estancia valley ever since, and while raining July 14th, the farms are so wet from a three days and nights soaking rain that all farm work is temporarily suspended.

Al. Cohen, well known here, who was formerly editor of the Daily Globe, has left the paper city for Los Angeles to take a position on Earth's new paper, the Tribune. Pat Sullivan, who succeeded Cohen on the Globe, remained with that paper for a short time, accepting the editorship of the Silver Bell as soon as Cohen retired from the management.

Roy Davidson, formerly of Phoenix, it is understood, will be the new editor of the Globe, which seems to be another usual move on the part of the Smith forces and may result in bringing the Globe over to the Republican forces.

You need a good travel-

ing bag--or suit case, perhaps?

Get one that will stand the trip--you'll enjoy the trip more besides saving time, money and trouble.

You'll have to hump some to beat these in quality or price.

## MILITARY SCHOOL EXPECTS LARGE ATTENDANCE

## ELECTRIC ARCH AS PROPOSED IS A WINNER

Col. J. W. Wilson Enthusiastic About Prospects for Ensuing Year; School Famous in All Parts of the East.

Roswell, N. M., July 18.—The outlook for the coming year in the affairs of the New Mexico Military Institute is the brightest in the knowledge of Colonel James W. Wilson. The colonel stated that the outlook for next year was especially good, as the correspondence was much greater than in previous years, and that the interest being manifested in such as to greatly encourage the authorities. The letters being received from old students is very gratifying in that they indicate that about 95 per cent of them will return to receive labor this coming season.

The usual amount of cleaning up and repair work is going on and everything will be in excellent condition for the opening of school. No new buildings are to be erected this year, however, and the capacity will remain the same as that of last year. The colonel also stated that he thought the results had selected a very strong faculty for the coming session and that he anticipated the very best year in the history of the school.

Governor Mills while in Roswell paid a visit at the institute and made some extremely complimentary remarks of the outlook and predicted a great future for it. The governor was presented a cedar for the next session and is doing everything in his power to push and "boost" the school, believing that it is an institution worthy of the support of all New Mexicans.

From the correspondence now received by the institute it is easy to see that the school is attracting more attention throughout the north and east, the result of which is bound to be beneficial to it and also New Mexico and the Pecos valley. It is such advertising as commands attention and will be the cause of many people making their home in the land of sunshine."

## GLOBE NEWSPAPERS CHANGING HANDS

Said That Hoval Smith, Well Known Figure in Arizona Politics Back of Recent Purchase of Silver Belt.

A number of changes have taken place in the Arizona newspapers recently. According to reports from the sister bulletin, emanating upon the press of that section to a certain extent, Cleve W. Van Dyke, producer of the Miami townsite near Globe, has purchased the Silver Bell, from Shirley Jones of Washington, Oregon, returning to the east. It is generally assumed in Phoenix that Van Dyke in the purchase of the Silver Bell represents Hoval A. Smith, former chairman of the Republican territorial committee. Smith is known to have semi-public aspirations and the purchase of the Globe paper is taken as a preliminary move on his part to patch up his political fences.

Al. Cohen, well known here, who was formerly editor of the Daily Globe, has left the paper city for Los Angeles to take a position on Earth's new paper, the Tribune. Pat Sullivan, who succeeded Cohen on the Globe, remained with that paper for a short time, accepting the editorship of the Silver Bell as soon as Cohen retired from the management.

It is understood, will be the new editor of the Globe, which seems to be another usual move on the part of the Smith forces and may result in bringing the Globe over to the Republican forces.

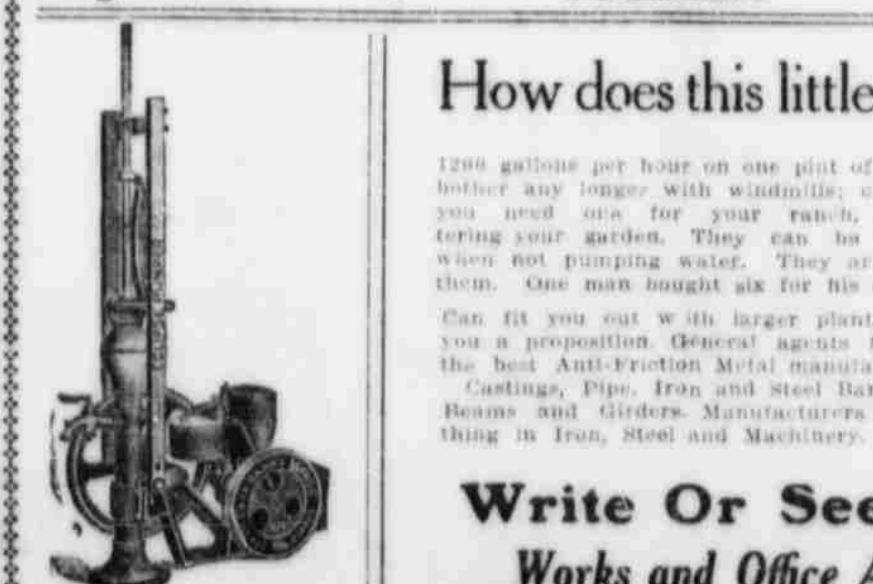

Seven strangers called at the chamber of commerce yesterday forenoon, all having just arrived on the morning trains with a view to locating in Deming.

Being piles provoke prolitis, but prolitis won't fit them. Dean's treatment cures redding, bleeding or protruding piles after years of suffering. At any drug store.

## TWENTY ONE WILL RECEIVE DEGREE

Initiation of Candidates on Thursday Night by Albuquerque Council, Knights of Columbus.

The first degree of the Knights of Columbus will be conferred on a class of 21 candidates in Knights of Columbus hall, beginning at 8 o'clock Thursday night. The degree will be exemplified by a team consisting of Thomas F. Rutherford, 47, grand knight; John B. Burg, deputy grand knight; F. E. Wood, chancellor and others. The first degree of the order is one of the most beautiful and impressive magnificence and the council has been preparing for several weeks to put on the work in a proper manner. Following the initiation there will be a lunch. All members of Albuquerque Council No. 643 and all visiting brothers are cordially extended an invitation to attend the degree.

A new plate-glass window and entirely new front are being placed in the valentines store in the Clark building on Gold avenue. When the improvements are completed the room will be occupied by down town offices of the Western Union Telegraph Co. This company's business has already increased in Deming during the past year, so that in locating an office in the business part of the town it will greatly facilitate the company's business and also be a great convenience to the public. This is just another indication of Deming's steady growth.

Seven strangers called at the chamber of commerce yesterday forenoon, all having just arrived on the morning trains with a view to locating in Deming.

Pat-Hicks, Bread, Chicks and Pies every day.
